CREATING STARTUP ECOSYSTEM INSIDE THE COLLEGE

I don't really know what all this hype about entrepreneurship and startups is. I am **"The Newbie"**.

With the help of Student Entrepreneurship Development campaign, we aim to create a self sustaining ecosystem and startup environment for Student Startups, by organizing various activities to develop an entrepreneurial mindset.

PRE INCUBATION

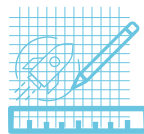

I have an idea, I just cannot get that push or the right resources to start. I am the **"Idea Girl"**.

This program is to prepare student entrepreneurs and startups for the incubation phase and provide them with prerequisite skills and knowledge which will help them to validate and access their ideas as well as define their business model in detail.

CREATING STARTUP HUB

Instead of working on someone else's dream, I realise my own dream. I create jobs. I run my own business. I am **"The Startup Guy"**.

With a vision of a true Return on Investment for Startups, we will be establishing the India Launchpad - A Startup Hub, dedicated to prototyping the future growth of entrepreneurs within your college infrastructure. Our aim is to make it easily accessible and inclusive of benefits for startups inside your college and also give a platform to other startups outside your college towards their growth.

TESTIMONIALS

“

Having worked in the role of Non-Executive Director of Navayuvak Entrepreneurs for sometime, I can genuinely say that they are dedicated to making Mumbai the start-up hub of India. Focused & committed, this team of young, informed & energetic entrepreneurs continues to surprise even the most cynical sides of me. I have no doubt that the impact the actions of NE has will leave a lasting legacy on the lives of young people in Mumbai and India.

CELIA GATES

Global Entrepreneurship

“

Very different from typical sessions, quite natural. Consisted of healthy discussions and real life experiences.

NAVIN PANDEY

Pre-Incubation Student,
DSIMR

“

We learnt a lot about how to generate ideas and the process that follows. Speakers connected with the audience very well and made it very interactive. I am glad to be a part of SED.

SHRIYA SURI

SED Member, Thakur College
of Science and Commerce

“

We learnt not just about understanding ourselves, but also about understanding each other and analysing both positives and negatives. The sessions gave us knowledge on positioning our product and services and creating our image as per the customer.

TANVI INDALKAR

Pre-Incubation Student,
DSIMR

“

SED as a partner in the first year of our E-Cell was a great step. The SED team is not just good at coming up with good ideas to encourage entrepreneurship, but also good at supporting ideas from their partners. Glad to have them on board.

SHIKHAR GARG

E-Cell Head, MPSTME,
NMIMS

“

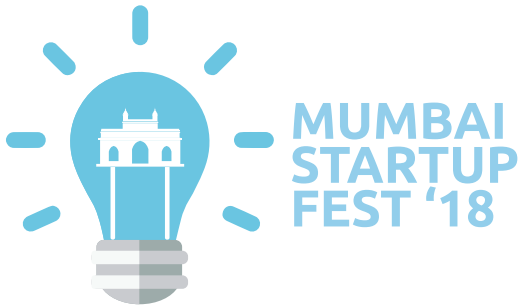

It was a very good experience with SED. Met young minds who understood my idea and helped me to develop a mindset to become an entrepreneur. They understood the pain that a student goes through, running a startup while managing studies.

BEST BUSINESS IDEAS!

Navayuvak[®] Entrepreneurs

We at "Navayuvak Entrepreneurs" have positioned ourselves as a multifaceted platform having a three-fold approach to develop, support and foster the entrepreneurship ecosystem in India.

Navayuvak is platform launched with the intention of giving a boost to the entrepreneurship spirit which hasn't yet been tapped to its full potential in India. Guided by the vision of empowering a self-reliant India, by increasing the number of entrepreneurs, we at Navayuvak Entrepreneurs, come together to tackle this issue at its very base.

Our intention and mission is to foster a comprehensive educational system which nurtures an entrepreneurial mind-set among the youth in India.

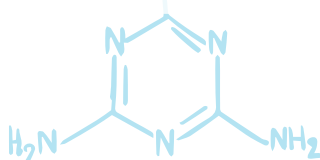

Navayuvak Entrepreneurs serves the need of the hour by mentoring potentially viable start-ups and bankable entrepreneurs.
